Useful   Simple   Affordable

URead

URead is a robust, stand-alone Book Reader for the visually impaired. It provides the user with speech experience using naturally sounding voices.

URead supports Indian languages. It has easy-to-use tactile keypad to control all operations including media control.

URead reads A4/Legal size page in one scan and also a Bound Book in multiple languages. It has built in capability to read warped book pages and output speech with high level of accuracy.

URead talks to you through each step with audible menus.

URead supports sharing among users and has provision to save sessions work on USB Pen Drive.

URead does not require Internet Connection.
